The screenshot shows the QGIS 2.4.0 interface. On the left, there is a vertical toolbar with various icons. Below it, the 'Layer' panel is visible, containing a 'Layer' tab and a 'Browser' tab. The 'Rücknahme/Wiederholung' (Undo/Redo) panel is also present at the bottom left, with 'Zurücknehmen' (Undo) and 'Wiederholen' (Redo) buttons. A dialog box titled 'Quelltyp' (Source Type) is open in the center, with a red arrow pointing to the 'Durchsuchen' (Browse) button. The dialog box has the following fields and options:

- Quelltyp:** Radio buttons for 'Datei' (selected), 'Verzeichnis' (Directory), 'Datenbank' (Database), and 'Protokoll' (Protocol).
- Kodierung:** A dropdown menu showing 'UTF-8'.
- Quelle:** A text input field for the data source name, currently empty.
- Buttons:** 'Help', 'Cancel', and 'Open'.
