Announcements

President

State of the Union Address

A lot being said about Black students on this campus

Organization that strives for excellence

Proposal was given and now dialogue with students and administration that never existed

3 or 4 articles in Indianapolis Star (has beef with BSU because they were not granted an interview, and portraying BSU in bad manner)

1 good article in idsnews.com

Both IU and Purdue have a AA Studies program and multicultural center

Any kind of documentation given to Dominic will be posted on the website.

Inform anyone who wants to know and be knowledgeable of the information

Should be valued for your name, not just your skin tone

Speaks directly to black students

Student came up to Dominic, Kiddy, and Jackie with a 21 page document and the professor stated that they should find a white student to study with in order to pass the class

If you don't stand for something, you will fall for anything. Malcolm X

We've strived and overcome and we will continue to do so

As members, remember that you have support for other students, organizations (LSA, ASA, Native American Association), black faculty and staff, community clergy, etc.

To achieve true diversity and competency, we must be pro-IUPUI

As a senior, he will not be able to reap the fruits of the labor from this effort

Malcolm X institute, IU, Butler, Purdue, all support our efforts

We have to continue any and all initiatives. Excel and succeed in all areas in life. Do not let the stereotypes bring us down.

We are not going to stop being a BSU and we will continue all efforts
