

Dear Mr. Dorsey,

Good evening, my name is Yoronda Caudle and I was directed to email you due to issues surrounding my education at IUPUI. I contacted the radio station 1310 Saturday November 18, 2006 and spoke with Bishop Benjamin regarding my dismissal from the MSW program.

To recap, I was due to graduate this pass May 2006 (Mother's Day) with my MSW, unfortunately, that did not occur. My second Practicum was discontinued for unknown reasons, which consequently, dismissed me from the program. After going through the appeals process, it was stated that I could not be reinstated into the program. I was not provided reasoning behind the determination.

In efforts to assist myself, I contacted:

Legal Aid-no assistance

NAACP-no assistance

Julia Carson's Office-assistance stopped

I am hoping that the Black Student Union can provide support and/or guidance as to what I can do to get matters resolved, due to the situation being unfair and unjust.

-Yoronda Caudle
