Justification

S651 and S652 is the title for the field practicum for the concentration year field practicum (internship) for the MSW program. Each student spends a minimum of 640 hours in one supervised field setting. As agency needs and student needs evolve, it is clear that the last portion of this practicum experience can take place in more than 2 terms. Changing S652 to a variable credit hour will give the students the flexibility needed to enroll in the proper number of credit hours in a specific semester.

This request does not change the role, the title, the effort or content of the course – only the number of credit hours per semester a student is enrolled in.
