To Whom it May Concern:

The approval for this Assurance expires on October 31, 2002. This Assurance provides that Indiana University and Clarian Health Partners are in compliance with DHHS regulations for the protection of human research subjects in accordance with the Code of Federal Regulations (45 CFR 46). Indiana University and Clarian Health Partners are also in compliance with ICH guidelines and with all applicable federal (including 21 CFR Parts 50 and 56), state, or local laws as they may relate to such research.

As required by the DHHS regulations, the approved Assurance indicates that the Institutional Review Board may not have a member participate in the Institutional Review Board's initial or continuing review of any project in which the member has a conflicting interest, except to provide information requested by the Institutional Review Board. Therefore, it is our policy that this letter serve as evidence of compliance with all applicable regulations for the protection of human research subjects in lieu of providing lists of Institutional Review Board member names.
