GETTING THE JOB DONE

The Council

…continued to refine the online elections process and the publicity of the Spring elections, enjoying a voter turn-out exceeding that of the past two years.

…engaged Assistant Vice Chancellor for Human Resources Ellen Poffenberger and Associate Vice President for Human Resources Dan Rives in an ongoing discussion of short-term disability insurance and the concept of a crisis leave bank. In response to work by Staff Affairs Chair Leslie Kidwell, Rives will convene a task force [consisting of staff, administrators, fiscal officers, etc.] in late 2005 to discuss the mechanics of, both, offering short-term disability insurance (either as an optional or standard benefit) and developing a crisis leave bank.

…worked with IUPUI Card Service to modify existing policy on Jag Tag replacement fees for staff who are also enrolled as students (and, therefore, may carry two JagTags). …reviewed the proposed revisions to the university background check policy for staff, investigating and answering staff concerns.

…ensured staff representation on and facilitated regular communication with the IUPUI Public Safety Committee, the Parking Advisory Committee [parking policy development], the External Affairs Coordinating Council, and the Compensation Systems Initiative work group.

…sponsored the first cross-campus communication effort among staff governance groups throughout the IU system, including a meeting with staff leadership from IUPUC.

…followed up on staff concerns by scheduling presentations on workplace injury protocol, Campus Facilities Services, the marketing of IU and IUPUI, etc.

…engaged Vice Chancellor Martin and his staff in an ongoing dialogue on Chartwell’s (campus food services) and the level of service at the University Place Conference Center Hotel.
