GETTING THE JOB DONE

The Council

...continued discussions with Assistant Vice Chancellor for Human Resources Ellen Poffenberger and Associate Vice President for Human Resources Dan Rives in an ongoing discussion of short-term disability insurance and the concept of a crisis leave bank. Rives plans to convene a task force [consisting of staff, administrators, fiscal officers, etc.] in Fall 2006 to discuss the mechanics of, both, offering short-term disability insurance (either as an optional or standard benefit) and developing a crisis leave bank.

...participated in and sent representatives to discussions with the Chancellor, Faculty Council, voting faculty, and other groups regarding the major administrative restructuring of Indiana University, proposed in January 2006 by the Board of Trustees and President Adam Herbert.

The Staff Affairs Committee played a critical role in the increased enforcement of rolling stops and other dangerous driving in and around Vermont Street and University Boulevard. The committee also continued to pressure the Mayor’s Action Line to lower the speed limit on Michigan and New York Streets from 35 to 30 MPH.

...engaged Vice Chancellor Martin and his staff in an ongoing dialogue on campus construction projects, campus finances, and long-range plans at the university.

...revised the Staff Council Constitution and Bylaws to reflect current practice (an ad hoc web committee and a single committee to address issues of development, membership, and the elections).

...enjoyed a successful July 2005 retreat at the new Information Technology building.

...filled 3 unit representative mid-term vacancies.

...received and responded to countless of staff inquiries about campus services and work/life.

...enjoyed the efforts of an outstanding Special Events Committee in its first full year of existence; among other achievements the Special Events Committee planned a stellar July 2006 retreat at Bradford Woods.
