At the February 17, 2010, Staff Council meeting, Chief Paul Norris and Captains Bob True and Bill Abston discussed campus safety. The following questions were asked and commented on by the officers.

- The daily thefts on campus are creating distress and anxiety about crime on our campus. Please discuss what steps are being taken to prevent thefts on campus and your recommendations on how staff should respond if they witness a theft or if they are robbed. Are there any plans to install security cameras in high crime areas like parking lots and vending areas?
  - Officers are being sent to buildings more often. Theft is a crime of opportunity and it is important to reduce the opportunity. Lock your office, lock your purse in your office, notice who is in your area, and call if you are uncomfortable with someone who isn’t usually in your area. When you call the department, describe the situation in detail, including the person in question. Give your name as they cannot deal with anonymous phone calls. For theft in cars, keep items out of site; lock items in your trunk. Thieves look for suction cup marks on windshields for GPS devices – lock those items in your trunk. Join the police listerv so you can see where the crime activity is and what it is. Some security cameras are being put in off-campus parking areas. At this time, there are 39 police officers working at IUPUI – four of which are still in training. 43 officers are slated for service in the future. Hate crime statistics are tracked although there are very little on campus. Graffiti is considered vandalism unless the graffiti is hate related.

Continued on Page 2.
Continued from Page 1. Campus Safety

- There is growing concern about staff security at off-campus parking areas. Please discuss how the off-campus parking areas will be monitored and/or patrolled.
  - We have applied for a grant (Urban Security Initiative) to obtain more cameras. These are the cameras that have the blue light on them that you may see around the city. The cameras will also help with monitoring traffic situations. Federal funds are hard to get at this time, but they are working hard to receive it.

- There is a concern about vagrants entering buildings at night (the BS building entryway from the North Street Parking garage late in the evening for example). Please discuss how buildings are secured at night and steps that are taken to prevent vagrants from entering buildings at night. Also discuss recommendations on how to deal with vagrants and those begging for money.
  - Buildings are locked and unlocked in several different ways. The BS building is locked by Campus Facility Services (CFS) every evening. Keeping people out is a problem. A university is an open environment. If you see someone acting suspicious, let the police know. Just because someone looks homeless, doesn’t always mean they are homeless. You must have a good reason why the person looks suspicious. Do not give money to vagrants. Call the police and they will take care of these persons. Building hours are set by building coordinators.

- Please discuss the procedures for maintaining the emergency call boxes located on campus. Are they tagged if they are not operational?
  - The call boxes are checked monthly. They should be repaired within 24 hours if we know about a problem. We have a contract with a private firm to keep the boxes running. When a phone is picked up, we know where the caller is located. This is important if someone has a medical emergency and is not able to speak.

- There is a perception among staff of a lack of police presence on campus. Please discuss your staffing schedules and any plans you may have to increase police presence on campus.
  - It will vary depending on special events, but mostly three to five officers are on the schedule every day. Usually the Sargeant and three officers, but we adjusted accordingly. Full-time students are hired part-time in the Cadet Program. If the students are accepted, they go through the police academy and work for the IUPUI Police Department. At this time, 15 are in the program with 8 scheduled to go to the academy this summer. There is a crime prevention program on campus as well. We want to increase the number of programs that gives crime prevention tips.

The Staff Council thanks the IUPUI Police Department for their attention to staff concerns and their support of the Council!

**Fostering a Civil Work Environment** ([click here for flyer](#))
- Monday, April 12, 2010, 9:00-noon, UL 1116
Today’s work culture calls upon managers to fully engage employees and treat them as partners. Yet, many management practices remain largely focused on “carrot and stick” strategies that reinforce old-fashioned notions of employees as subordinates who must be controlled and manipulated. This class will explore possibilities for creating civil work environments through trust in and respect for people. HR managers and professionals will leave with some specific actions they can take to develop a more civil and positive workplace.
**Attendance Issues and Time-off Policies** ([click here for flyer](http://www.iupui.edu/~scouncil))

Wednesday, April 14, 2010, 9:00-noon, UN 372

This session covers the University's paid-time-off policies, their interpretation, and common attendance-related problems associated with these policies. The focus is on time-off policies for biweekly-paid staff, but the policies for monthly-paid staff are also summarized. This session also covers common myths about time-off policies, the supervisor’s rights and responsibilities, handling absentee and related problems effectively, and using progressive discipline.

**Advanced Interviewing and Hiring** ([click here for flyer](http://www.iupui.edu/~scouncil))

Wednesday, April 28, 9:00-11:30, UL 1126

This workshop focuses on the interviewing and selection process specifically & developing and scoring behavioral interviews. We will discuss results of poor interviewing, reviewing job descriptions, developing behavioral interview questions, developing scoring based on objective criteria, and evaluating and selecting final candidates.

**Overcoming the Five Dysfunctions of a Team** ([click here for flyer](http://www.iupui.edu/~scouncil))

Wednesday, May 12, 2010, 9:00-noon, UL 1116

This workshop is based on the popular book *The Five Dysfunctions of a Team*, by Patrick Lencioni. In this workshop, we will distinguish the difference between a team and a group of people working together. Lencioni says, “Building an effective, cohesive team is extremely hard. But it is also simple.”

In this workshop, we will:

- View a video which describes the five dysfunctions
- Learn to recognize the five dysfunctions when they show up in our teams
- Practice exercises which help us overcome the dysfunctions
- Propose and evaluate steps we can take to improve our teams

Note: There is a fee of $18.00 for this workshop and you will receive a copy of *The Five Dysfunctions of a Team* by Patrick Lencioni. **Deadline for registration is 4/26/10. No refunds will be given after 4/26/10, but you may send a substitute.**

Tuesday, May 18, 2010, 10:00-noon, UL 1116

Our intelligence (IQ), skills and personality are not enough to predict successful work. Developing our Emotional Intelligence (EQ) is a significant component of job performance. In this workshop we will: Define emotional intelligence; The intelligent use of emotions; Discuss the five main components in EQ; Participate in activities that enable us to practice improving our EQ.

Dear Colleagues,

You may know that one in eight women will be stricken with breast cancer in her lifetime. What you may not know is that you can help these women and thousands of others in the fight against breast cancer.

On April 17, 2010, we will be participating in the Komen Indianapolis Race for the Cure with a great team of dedicated people. Join the fight by registering as part of our team or by supporting our efforts with a pledge contribution. The money raised through the Race will fund vital education, screening and treatment programs for underserved women in our own community and support the national search for a cure.

Each IUPUI Team member will receive a tee-shirt from the Race for the Cure and will also receive an IUPUI Team Jaguars tee-shirt.

If you would like to join us, please register by Friday, March 29, 2010. (Please note: All participants must register online. Also, we are not able to accept late registrations.)

We need your support! Every step counts!
