STAFF COUNCIL . . . YOUR VOICE!

Health Engagement Program Town Hall Video Available and Update on Open Enrollment

As you may recall, University Human Resources (UHR) conducted town hall-type meetings on campuses across the Indiana University system. If you attended the October 19 meeting with IUPUI and IU South Bend, you know the room was crowded and many were not able to get in. UHR has released the **video** now for your information. Please take some time to watch this informative video. It will take you 119 minutes to view it all, but the Council believes it will be worth your time.

It has been brought to the Council's attention that it might be possible to move your biometric screening appointment to an earlier date as people cancel and reschedule. To reschedule your appointment, call Clarian Healthy Results at 866-895-5835 and select option 3.

Staff Council Legacy Project

Did you know that the beautiful flowers you see at the entrance to campus on West and Michigan and New York and Limestone Streets are planted by the Staff Council as part of our community service? The Staff Council is committed to being partners with the community and campus by volunteering to plant in the spring, summer, and fall. FMI: <http://www.iupui.edu/~scouncil/legacy/>

We even plant in the rain! Here Teresa McCurry (University Library) works to finish planting cabbages during a down-pour. Teresa also volunteers her time to get certification in the Master Gardener program.

These dental school colleagues were soaked after the planting on October 13. But, they had a great time!

The Legacy Project's partners are the wonderful men and women of Campus Facility Services as well as Crossroads Greenhouse! Next planting is in the spring! Join us!
